In Massachusetts, if you and everyone living in your home are 65 years old or older OR if everyone on the residence is 65 years or older and has a minor also in the residence, you are eligible for special protection from the termination of your natural gas service as a result of an arrearage on your natural gas account.

Other Protections
Your natural gas service cannot be shut off, or will be restored, if you provide certification to New England Gas Company that you are unable to pay any overdue bill because of financial hardship, and;
• Someone living in your home is seriously ill;
• A child under 12 months old lives in your home; or
• Between November 15th and March 15th natural gas is used as your primary heating fuel and your service was not shut off for non-payment before November 15th.

Third Party Notification Service
New England Gas Company offers customers a service known as “Third Party Notification.” This service allows New England Gas Company, with your permission, to notify a friend, relative or neighbor if your gas bill is overdue. This service is particularly helpful for those who would like a reminder to pay their bill or who may need help managing their bills. The person you select as your “third party” is not responsible for paying your bill, only for reminding you to pay if it becomes overdue. To enroll in this service, please complete and mail the Third Party Notification Service request form (see addresses, phone numbers and mailing instructions listed on each form).

for Customers Requesting Protected Status

Age 65 and Older Protection
In Massachusetts, if you and everyone living in your home are 65 years old or older OR if everyone
on the residence is 65 years or older and has a minor also in the residence, you are eligible for special
protection from the termination of your natural gas service as a result of an arrears on your natural gas
account.

Other Protections
Your natural gas service cannot be shut off, or will be restored, if you provide certification to New
England Gas Company that you are unable to pay any overdue bill because of financial hardship, and;
• Someone living in your home is seriously ill; or
• A child under 12 months old lives in your home; or
• Between November 15th and March 15th natural gas is used as your primary heating fuel and
your service was not shut off for non payment before November 15th.

Third Party Notification Service
New England Gas Company offers customers a service known as “Third Party Notification.”
This service allows New England Gas Company, with your permission, to notify a friend, relative
or neighbor if your gas bill is overdue. This service is particularly helpful for those who would like
a reminder to pay their bill or who may need help managing their bills. The person you select as
your “third party” is not responsible for paying your bill, only for reminding you to pay it if it
becomes overdue. To enroll in this service, please complete and mail the Third Party Notification
Service request form (see addresses, phone numbers and mailing instructions listed on each form).
